SUMMARY

As a Front End Developer, I am eager to leverage my skills and expertise to contribute meaningfully to an organization's growth. With a strong background in front-end development, I specialize in creating and maintaining dynamic, user-friendly websites and web applications. My technical proficiency includes advanced knowledge of JavaScript, HTML5, and CSS3. I have a proven track record of delivering scalable and maintainable web solutions, particularly in high-traffic environments, while adhering to agile principles and Scrum methodologies.
